INTERESTING FROM WASHINGTON.

SHERMAN'S VICTORY.

OFFICIAL OPINIONS.

EAST POINT OCCUPIED.

Etc., Etc., Etc., Etc., Etc.

WASHINGTON, September 3 .- The people are greatly excited here to-day over the glorious news from Atlanta. Nothing else is thought of or talked about. It is believed in official circles that the importance of Sherman's success is not fully developed, and that he not only occupies Atlanta, but has inflicted a crushing defeat on Hood's army, and now occupies East Point, the stronghold in the rear of Atlanta, to which it was supposed Hood would retreat if compelled to evacuate

Aides-de-Camp.
The Secretary of War has decided that Aidesde-Camp appointed under the act of July 17, 1822 whether from the line of the army or from civi life, be considered, from the fact of their appoint ment, as officers of volunteers assigned to duty which requires them to be mounted, and as such are earlied during the time they are employed on such duty to receive under the above-men tioned act the pay, emoluments, and allowances of cavalry officers of the same grade respectively without the additional allowance of \$24 pe month.

Bounties. It has been decided that the bounties provided for by the act of July 4, 1864, for enrolling and calling out the national forces, though referred in terms to volunteers alone who shall enlist under calls which the President is authorized to make, are yet made applicable to men enlisted in the regular forces by the Fifth Section. of Act July 29, 1861, which enacts that they shall be entitled to the same bounties in every respect as those allowed to volunteers. The bountless thus authorized shall be paid to instalments as follows:-On being duly accepted at depot \$100, on the expiration of eighteen months' service \$100, on the expiration of full term \$100,

Examination of Recruits. With a view to a careful examination of every recruit, substitute, etc., received at the general rendezvous established for the reception of recruits, etc., before forwarding to regiments, in order that all of those unfit for field service may be discharged, as required by orders and regulations, the Secretary of War directs that the Surgeon-General place at each of the general rendezvous referred to as many officers of the medical corps as may be necessary to make the requisite examinations, these medical differs to be selected so as to give some of the best talent of the medical corps for the especial purpose of examining recruits. The Secretary of War also directs that, to future, commanders of troops in the field discourage, as far as practicable, the discharge of culisted men who have passed the examination, for disability existing at the time of entry into service.

### FROM THE SHENANDOAH VALLEY.

The Rebels Falling Back to Winchester.

Washington, September 3 .- The following official despatch was received last night :-The enemy are on the move down the valley, falling back towards Winchester. General Averill attacked and drove Vaughn's cavalry from some point north of Bunker Hill to within six miles of Winchester, when his advance was stopped by a division of infantry. Averill captured twenty wagons, two battle flags, and a number of prisoners, and a herd of cattle. General Sheridan arrived last night, with his whole army, in pursuit.

FROM THE ARMY OF THE POTOMAC WASHINGTON, September 3.-The latest information from the Army of the Potemac is, that nothing of note has transpired for some time past. Picket firing is indulged in parts of the line at night, and almost entirely ceases during

A private named Chandler, of Battery K, 4th United States Artillery, is to be hung to-day, for desertion.

#### THE UNION OF THE BRITISH NORTH AMERICAN PROVINCES.

Charlotteville, P. E. I., September I.

The Convention was summoned to consider the union of the three maritime provinces, but the proposal of the Canadian Government is that the whole of British North America, from Halifax to the Rocky Mountains, shall be united in one Federal Government, and under one Legislature.

The Canadian deputation has no official standing in the convention, Canada having no interest in the special question for which the convention in the special question for which the convention. in the special question for which the convention was summoned. The Canadian deputies were, however, soon after their arrival, invited to meet

the convention and present their views.

There have accordingly been several meetings, and it is understood that the whole subject of a larger confederation has been fully discussed. These meetings, however, have all been held wish These meetings, however, have all reen held wish closed doors and the proceedings have not trans-pired. The delegates in the meantime are en-joying the hospitalities of Charlottetown. The steamer Queen Victoria awaits the conclusion of the proceedings, when the Canadian deputation will proceed across the Stratts, and, landing at Picton, will make a tour through Nova Scotla and New Brunswick.

Rejoicings over the Victory at Atlanta. READING, Sept. 3.-Quite an excitement prevails in Reading to-day. The bells are ringing, cannons are firing, and the people generally are rejoicing over the victory at Atlanta.

## ATLANTA AND ITS SURROUNDINGS. THE THEATRE OF SHERMAN'S SPLENDID VICTORY.

ATLANTA, GEORGIA.

The city of Atlanta contains about twenty thouand inhabitants, five thousand of which are comosed of Rebel refugees and officials, who have come thither since the war began. Three main railroads diverge from it, viz. : the road to Chattanooga, on the north; the Georgia road running east to Charleston, and the road to the south, which forks into that leading to Montgomery and Pensacola, through Macon to Savannah. The importance of its capture can hardly be over-estimated, because of the valuable strategic posi-tion thus gained by the Union forces.

estimated, because of the valuators stategic position thus gained by the Union forces.

The campaign of General Sherman is one of
the most brilliant ones of the whole war. Starting from Chattanooga early in May, he has pushed
steadily on through the enemy's country, and,
opposed by General Joseph Johnston, to his objective point, Atlanta, having traversed a distance of one hundred and thirty-eight miles.

At every step his advance was disputed by the
foe. A severe battle was fought at Tunnel Hill,
which victory resulted in the capture of Dalton.
General Sherman then pushed on his troops to
Rome and Kingston, occupying them almost
before the Robels were aware of the presence of
our troops. Next came Marietta, which was regarded as the key of Atlanta, and as such it
proved to be.

garded as the key of Allania, and as each approved to be.

In the early part of July, General Sherman appeared in front of Atlania, and cooly set to work to take it by sloge. At this time Gan rail Johnston was superseded by General Hood, on account of the dissatisfaction with the retreating which chained with the latter. General olicy which obtained with the latter. Genera Hood at once took the offensive, but was unable to deter Sherman from his purpose. Again and again he flung his troops against the besiegers

to no purpose.

There are many noticeable features of this cam paign, one of which is the steadiness with which General Sherman advanced after he had once started. Yet all the while he was fighting battles, defensive as well as offensive, and sending out ex-peditions to cut important lines of communication and otherwise harass the enemy. On the other hand, the Rebeis constantly retreated. The few times that they made a stand they were either beaten in open fight, or compelled by a flank movement to leave their chosen position.

### MUSICAL JOTTINGS.

-The theatre at Parma will open next season, with William Tell, an opera forbidden under the old ducal government.

—The Marzi Brothers almost monopolize the opera houses of Fiorence, managing three—the Pergola, the Pagliono, and the Politeams. -Fra Diacale has been produced at Baden, with Madame Faure as "Zerlina." A new opera, The Lotus Flower, by M. Prosper Pascal, has also been produced.

-At Vichy, Madame Ugalde has sung before the Emperor Napoleon and the King of the Belgians.

-Hombay is added to the list of operatic fields for aspiring singers. One Siguora Jackson has been engaged for the opera there. -La Grna is engaged for San Carlo, Naples, for the season of 1864-65. -Stigelli, the tenor, is engaged to sing "Faust"

-Rubinstein, who, like Viardot, Clara Schu-mann, and others, passes his summers at Baden-Baden, gives every Sunday musical matinees, to which artists and his friends come without any formal lavington. forms! invitation.

Opera not having succeeded at the Porte St. Martin theatre, the management has reversed to its old system of producing scusation dramas.

—At Boulogne sur-Mer has been given a con-cert in which Bottesini and Adelina Patti took

—Mongini succeeded so finely in Anna Bolena at Madrid, that critics say "ne brings back the times when angels sang"—referring to Rubid's renowned performance in that opera. Mongini has also appeared in Otelio.

-Tamberlike was to make his debut in Madrid ris season in the role of Polinto, with Carmelina Poch as Paolina. -The first case under the new street music act has been brought by a citizen of London, who complained of an Italian organ-grinder who per sisted in playing his organ when he was required to go away. The complainant stated that the noise of the organ interfered with the composi-

tion of a letter he was writing to his landlord, and although he waved his hand to the prisoner he did not leave until he had descended to the street and spoken to him; but the magistrate was of opinion that the delay was occasioned by the de-fendant's ignorance of what the prosecutor meant, and so he dismissed the case-

DYSPERSIA! DYSPERSIA! Dr. Wichart-I have been a constant sufferer with Dyn-pepala for the last eighteen years, during which time I cannot say that I ever enloyed a perfectly well day. There than at others, and then it seemed it would be a great relef to die. I had at all thora an uppleasant feeling in my ead, but latterly my sufferings so much incressed that I became almost unit for business of any sind; my mind was continually filled with aloomy thoushis and forebodings, and if I attempted to change their current by reading once a sensation of ley soldness is connection with a dead weight, as it were, rested upon my brain; also, a feeling of sickness would occur at the stomach, and great pain to my eyes, accompanied with which was the continual sear of losing my reason. I also experienced great lassitude, debility, and nervousness, which made it diffi-cult to walk by day or along at highl. I become averse to sorsety, and disposed only to seclusion, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease at my present age (45 years), there was no care in existence. But, through the interference of Divine Providence to whom I devontly offer my thanks, I at last found a soereign remedy in your Dyspensia Pills and Tar Cordial which seem to have effectually removed almost the last trace of my long list of allmosts and had feelings, and in their place health, pleasure, and contentment are my

every day companions. JAMES M. SAUNDERS, No. 450 N. Second street, Philadelphia, Formerly of Woodbary, N. J.

indelphia. DYSPEPSIA: DYSPEPSIA: I, Moses Tobin, of Cheltenham, Montgomery county Pa, have suffered for more than one year everything but death itself, from that awful disease, called Dyspepsia. I mployed in that time five of the most eminent physicians in Philiadelphia. They did all they could for me with medi ittes and cupping, but still I was no better. I then went to the Pennsylvania University in order to place myself in reach of the best medical talents in the country, but theh medicines failed to do me any good, and ofitimus I wished for death to selieve me of my sufferings, but seeing Dr. Wishart's advertisement in the Philadelphia Bulletin, I determined to try once more, but with little faith. I called not have troubled him, and then related my sufferiors to him. The Dr. assured me if he failed to cure mand Dyspepsia, it would be the first case in two years, so I put myself under his treatment, and although I had been for months vomiting nearly everything I ate, my stomach swollen with wind, and filled with pain beyond description I bought a hox of his Dyspepsia Filis, I used them as directed, and in ten days I could eat as hearty a meal as any person in the State of Pennsylvania, and in thirty days wa a well man. I hvite any person sufering as I was to call and see me, and I will relate my suffering and the great cure I received. I would say to all Dyspoptics, everywhere, that fir. No. 1028 OLIVE Street, {
Philadelphia, January 224, 1865. }

Dr. Wishart—Siri—It is with much pleasure that I am

now able to inform you that, by the use of your great American Dyspepsia Pills, I have been entirely cured of hat most distressing complaint, Dyspepsia. I had been grievously afflicted for the last twenty eight years, and for ten years of that time have not been freed from its pain one week at a time. I have had it in its worst form, and have dragged on a most miscrable existence—in pain day and night. Every kind of food that I sto filled me with wind and pain, it mattered not how light, or how small the quentity. A continued beloliting was sure to follow. I had no appetite for any kind of meats whatever, and my distress was so great for several months before I heard o your Fills, that I frequently wished for death. I had taken everything that I had heard of for Dyspepsia, without receiving any henceft; but on your Pills being recommended to me by one who had been cured by them, I concluded to give them a trial, atthough I had no faith in them. To my utter accomishment, I found myself getting better before I had taken one-fourth of a bex, and, after taking half a bex I om a well man, and can ent anything I wish, and enjoy a bearty meal three times a day, without inconvenience from anything I eat or drink. If you think proper, you are at liberty to make this public and refer to me. I will cheerfully give all desirable information to any one who may call on me. Yours, respectfully, JOHN H. DYSPEPSIA! DYSPEPSIA!

I. Bamuel D. Haven, have been a great sufferer with chronic dyspepsia and intarestantion of the kidneys for three years. I employed three or four of the most eminent physicians of Philadelphia, also of Burlington county New Jersey. They did all for me they could, but all to no purpose. I was constantly filled with awful pain and dis-tress, and with constant belefing of wind and sour seld. My tongue was covered with a white coating of mucu until it cracked in large furrows, and was dreadfully sore Oh! I ofttimes wished for death to relieve me of my suffer ings, for I had jost all hope of ever being well again. I made it a subject of prayer to God that he would direct me to some physician or medicine that would core me. was told to read an advertisement of Dr. Wishart's, in the Philadelphia "Ledger," of a great cure made upon Mr. Jehn Bahcock, of No. 1928 Olive street, Philadelphia, by the great American Dyspepsia Pills. I went to the Dooffice, and placed myself under his treatment, and told him if he failed to cure me, it would be the last effort I would make. It has been six weaks since I commenced the use of his medicine, and I am now a well man, free from all pain and distress, and can cat three hearty meals a day with comfort and feel perfectly well. Dr. Wishart, I want you to publish my case, as I want every poor dyspeptic, sufering as I was, to call on me, and I will tell them of the great cure I have received from your invaluable me SAMUEL D. DYSPLIPIA, DYSPLIPIA, DYSPLIPIA.

This is to certify that I had Dyspepia in the worst form for three years. I was treated in seven of the best physicians in America, some of them were Professors of Jefferson College, Pinkadajoha, but they did me no good. I grow worse every month. I would be taken at times with dreadin) joins it my breest and stemach; so great was it that I could neither sit, its, nor stand, but would rove about from one room to another; by friends expected to see me die, as there appeared to see no relief for noe. In this hope, just condition I placed myself under lir. Wishart's treations, and used his medicines as directed.

This day I am a well man, and for three weeks I have been on my feet, and working hard from early more under the second my feet, and working hard from early more under the second my feet, and working hard from early more under the second my feet, and working hard from early more under the second my feet, and working hard from early more under early more under the second my feet, and working hard from early more under large and was, may have the benefit of using your fruly wonderful remodies. All sick pergons are earliering to call and see me, or written on, as I want to remote all the good I can to suffering humanity.
